

## CARR'S COMPANY MAKES GOOD HERE

Several Nice Specialties Are Introduced in Musical Comedy Tabloid.

Harry Carr's Musical Comedy Company pleased three large audiences at the Palace theater yesterday. The play presented by the company yesterday and to be repeated again today is entitled "Lonesome Island" with plenty of active comedy and good musical numbers. A number of very good specialties are introduced during the show by the Reed Sisters and Ralph Walton. There will be a change of program tomorrow afternoon and the bill to be presented for Wednesday and Thursday will be a very funny comedy entitled "After the Party."

"The Purple Lady," a five act Metro-Rolfe photoplay, in which Ralph Herz is the star with Irene Howley, who was last seen here in "The Yellow Break," is the feature attraction at the Grand today. Mr. Herz is a newcomer to motion pictures but has long been a favorite on the speaking stage. This production is one of the best that Metro has ever offered and aside from a stirring story of mystery, thrills and

"Her American Prince," a five act Mutual Masterpiece, is the chief offering at the Bijou today. Ormi Hawley is the most winsome of princesses and

Bradley Barker the most charming of princes in this production. This is a story that is sure to appeal to all who have not lost their love of romance and adventure. One act of comedy is shown.

Wednesday, Bessie Eytan and Wheeler Oakman of "Ne'er Do Well" fame will be seen in "The Cycle of Fate," a five act V. L. S. E. production, which will compare with any seen here this season.

Harriet Sterling has been engaged for a role in "The Flame," by Richard Walton Tully.

"High Jinks" is to be produced in London next month.

Andrew Higginson, one of the latest additions to the cast of the new Corey and Riter musical play, "The Amber Empress," was the Prince Danilo in the Australian production of "The Merry Widow" and played that arduous dancing role continuously for two lengthy seasons. He was also seen in the role in England, not only in London but throughout the provinces. He made his first appearance in this country in the support of Hattie Williams in "The Little Cherub."

Thirty children, ranging from three to fifteen years in age, appear in support of Mary Miles Minter in several

sparkling comedy, many novelties are introduced. The added attraction is 4r and Mrs. Sidney Drew in a Metro-Drew comedy. The latest Pathé News is also on this bill.

Tomorrow, Marguerite Clark in her latest Paramount production, "Silks and Satins," will be the attraction with the Burton Holmes Paramount Travels, is an added attraction.

Louise Glaum, famous for her "vampire" characterizations, and Charles Ray, the popular juvenile, are presented by Thomas H. Ince as co-stars in a successful Triangle drama by C. Gardner Sullivan entitled "The Wolf Woman." The production serves to introduce

Louise Glaum.

Miss Glaum as a full-fledged star, the story having been written expressly to suit her peculiar talents, and that she has more than succeeded in justifying her promotion is the unqualified statement of Producer Ince and his associates.

Harry Mestayer will have a leading part in Owen Davis' play, "A Million Minute Randall."

Of the scenes of "Youth's Endearing Charm" first of the series of Mutual star productions featuring the screen's youngest star.

The Triangle Film Company, offers its splendid feature, "The Phantom," in five acts, today at the Orpheum theater. Frank Keenan, who appeared in "The Stopping Stone" and "The Coward," and beautiful Enid Markey.

On Turkey run, Sandis district, Harrison county, the Sullivan and Dresser Company completed and shot No. 3 on the E. B. Robinson farm and has a show for a ten barrel pumper. On the left fork of McFarland creek, Murphy district, Ritchie county, the South Penn Oil Company completed a second test on the Anna M. Wilson farm and it shows for a fifteen barrel pumper in the Salt sand.

Wildcat Gasser in Braxton, On Little Trace run, Otter district, Braxton county, Carter, Sheets and Company drilled a wildcat well on the David Shock heirs' farm through the Big Injun sand and secured a gasser with a capacity of 1,500-000 cubic feet a day. On Big Sandy creek, Geary district, Roane county, the United Fuel Gas Company's test on the Elizabeth McCune farm is a light gasser in the Maxon sand.

In Clay district, Monongahela county, the Hope Natural Gas Company completed No. 3 on the Etta Coon farm and it is a gasser in the Big Injun sand. On the South fork of Hughes river, Murphy district, Ritchie county, the Equality Oil Company has completed, No. 14 on the J. F. Stump farm. It is an eight barrel pumper in the Salt sand.

The Hope Natural Gas Company drilled a test on the H. A. Mason farm, located on Gillespie run, Grant district, Ritchie county, through all sands and found nothing but a light show in the Squaw sand. It will be plugged below that formation and given a shot. On the same stream, H. J. Mason farm, drilled through the Big Injun sand, shows some oil and will be shot in that formation.

Southeastern Ohio. In the deep sand territory in southeastern Ohio in the Junction City district, Jackson township, Perry county, the National Corporation Oil Company drilled a test on the Elizabeth Clark farm through the Clinton sand and will not have better than a five barrel pumper. In

another Triangle favorite, are co-starred. The story is based on the operations of a gentleman crook who, by his elusiveness and cunning maneuvers, gains the sobriquet of "The Phantom." For years he eludes the best detectives, but, alas, on one of his jobs a pretty girl upsets his calculations and he is brought to a higher plane of living. Fatty Arbuckle and a great cast appear in a Keystone comedy, "The Waiter's Ball," in two parts.

Tomorrow, another chapter of "Peg o' the Ring" will be presented along with the Triangle program.

The beautiful J. Ogden Armour estate at Lake Forest, Ill., a north shore suburb of Chicago, was used for several scenes in "The Sting of Victory," Henry B. Walthall's latest feature. The millionaire packer, who has seen and enjoyed Mr. Walthall's work on the screen, readily assented when he learned the grounds were desired for a big production. The estate is one of the most beautiful and costly in the country.

"The Old Homestead" is still proving its drawing power in the stock companies.

## OIL AND GAS DEVELOPMENT OF TRI-STATE

Latest Reports of Operations in West Virginia, Pennsylvania and Ohio.

Allegheny county, Pa., presents a new attraction, located in a section that has been operated for gas and far removed from old production. The well is owned by the Carnegie Natural Gas Company and is this company's No. 3 on the Munhall estate, located a mile west of Munhall on Millin township, and about one and one-half miles southwest of Homestead.

The new well is the Carnegie Natural Gas Company's No. 3 on the Munhall estate, located 1,700 feet southwest of No. 1, both of which showed a little oil when drilled into the sand at a depth of 2,135 feet. When oil was developed in No. 3 drilling was suspended and the well shot in and has been opened at intervals. It has been in for a week and during that time has filled a 250 barrel tank. It is estimated that it will be good for twenty or twenty-five barrels a day.

High Grade Oil. The oil is green and of 43.5 gravity or about the same as the light sand oil in the McDonald field. The new discovery may prove to be a freak or it may lead up to the development of a strictly new pool. The nearest oil production is twelve or fifteen miles away and no transportation, by pipe line, any nearer. For the present the oil will probably be shipped by tank car. The most favored direction for an extension is to the south, in which direction no wells have been drilled for some miles in advance.

Fair gassers have been found in Millin township and all of the drilling previously has been with a view to getting gas for the Carnegie Steel Company's mills at Homestead. One thing that makes the new strike important is that it is located in a new section, while all of the late discoveries in Allegheny county have been found in old territory. The Dorseyville pool was the most sensational of the last year, and has been fully defined. Just at this time the old Bush creek field shows signs of revival.

West Virginia. Light wells are the best the West Virginia fields are offering at this time. In Central district, Doddridge county, the Philadelphia Company has drilled a test on the C. P. Hudson farm nineteen feet into the Big Injun sand and it is showing for a ten-barrel pumper. The location is one mile south of the Hope Natural Gas Company's test on the J. L. Hilley farm. In Greenbrier district, the Hope Natural Gas Company completed and shot in the Gordon sand and test on the Harvard Marks farm. It is a very light pumper.

On Turkey run, Sandis district, Harrison county, the Sullivan and Dresser Company completed and shot No. 3 on the E. B. Robinson farm and has a show for a ten barrel pumper. On the left fork of McFarland creek, Murphy district, Ritchie county, the South Penn Oil Company completed a second test on the Anna M. Wilson farm and it shows for a fifteen barrel pumper in the Salt sand.

Wildcat Gasser in Braxton, On Little Trace run, Otter district, Braxton county, Carter, Sheets and Company drilled a wildcat well on the David Shock heirs' farm through the Big Injun sand and secured a gasser with a capacity of 1,500-000 cubic feet a day. On Big Sandy creek, Geary district, Roane county, the United Fuel Gas Company's test on the Elizabeth McCune farm is a light gasser in the Maxon sand.

In Clay district, Monongahela county, the Hope Natural Gas Company completed No. 3 on the Etta Coon farm and it is a gasser in the Big Injun sand. On the South fork of Hughes river, Murphy district, Ritchie county, the Equality Oil Company has completed, No. 14 on the J. F. Stump farm. It is an eight barrel pumper in the Salt sand.

The Hope Natural Gas Company drilled a test on the H. A. Mason farm, located on Gillespie run, Grant district, Ritchie county, through all sands and found nothing but a light show in the Squaw sand. It will be plugged below that formation and given a shot. On the same stream, H. J. Mason farm, drilled through the Big Injun sand, shows some oil and will be shot in that formation.

Southeastern Ohio. In the deep sand territory in southeastern Ohio in the Junction City district, Jackson township, Perry county, the National Corporation Oil Company drilled a test on the Elizabeth Clark farm through the Clinton sand and will not have better than a five barrel pumper. In

Perry township, Licking county, the Columbus Oil and Fuel Company got the same kind of a producer at its test on the Mary Walcott farm.

In Licking township, Muskingum county, the Columbus Oil and Fuel Company has started to drill a second test on the George Madden farm. In Pike township, Coshocton county, the Logan Natural Gas Company has started to drill a test on the Mary Bowman farm, located two and one half miles north of the Columbus Oil and Fuel Company's No. 3 on the Malinda Hart farm.

In the shallow sand territory in the Cow Run district, Lawrence township, Washington county, William Reader completed No. 14 on the Mary J. Wallace farm and secured a five-barrel pumper in the second Cow Run sand. Near Roseville, Brush Creek township, Muskingum county, the Clay Oil and Gas Company's No. 5 on the A. B. Shriver farm is dry in the Herea grit. Near Waters station, Monroe township, Giles Harrison and Monroe have the rig completed for a test on the Mrs. Alvira Sprague farm.

## TO BE HANGED Prisoner of State Penitentiary under Sentence of Death.

Invitations, or rather cards of admittance, to the execution of Claude Sutton, which is to take place at the state penitentiary at Moundsville next Friday afternoon, August 4, have been sent out from the warden's office.

In keeping with a rule he established upon assuming his present office, Warden White has limited the invitation tickets to members of the jury and officers of court by which Sutton was tried, newspaper men, physicians and a few others who have an interest in being present other than a morbid curiosity to see one of their fellowmen put to death.

Sutton was convicted in the circuit court of Randolph county for the murder of Dr. J. J. Kennedy, an aged and prominent physician of that county. Sutton deceived the doctor

Cure for Cholera Morbus. "When our little boy, now seven years old, was a baby he was cured of cholera morbus by Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes Mrs. Sidney Simmons, Fair Haven, N. Y. "Since then other members of my family have used this valuable medicine for colic and bowel troubles with good satisfaction and I gladly endorse it as a remedy of exceptional merit." Obtainable everywhere.—Advertisement.

## SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell."

I tried most every kind of medicine, but none did me any good.

I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it.

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlasting tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.

Write to: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for Special Instructions on your case and 64-page book, "Home Treatment for Women," in plain wrapper. N. C. 134

We have Klaxon Horns in all styles for all cars and our prices are as low as any in the country.

It will pay you to look up our prices on Patches, Cotton Pins, Air Gauges and other supplies.

## The Smoke of Men Who Win

A fresh-rolled "Bull" Durham cigarette almost says "Speed up!" right out loud. Keen-eyed, clear-headed fellows smoke "Bull" Durham because it has the sparkle and the "punch"—the youthful vim and vigor. Every time you "roll your own" with "Bull" Durham you open the door to Hustle.

## GENUINE "BULL" DURHAM SMOKING TOBACCO

"Bull" Durham is unique among the world's tobaccos. It is distinguished from all others by its wonderful mildness, its delicious mellow-sweet flavor and its distinctive aroma.

You get a lively smoke and a satisfying smoke when you "roll your own" with "Bull" Durham.

to a lonely spot in the mountains at night under the pretense that his (Sutton's) brother was ill. Sutton had previously secreted a gun at a convenient spot by the road side, and when the two arrived at the place he secured the gun and blew the doctor's brains out, after which he relieved the dying man of his money.

Fully 60,000,000 coconut trees are under cultivation in Ceylon.
